Disclaimer: IDIOT is a meme token with no intrinsic value or expectation of profit. Not financial advice. DYOR.

1. Purpose (Why This Exists)

IDIOT Token is a community joke and social signal. It has no roadmap, no promises, and no utility claims. The goal is to have fun together while being honest about the absurdity of speculation. If you're here for gains, you're doing it wrong. If you're here for memes, welcome home.

2. Core Principles

- Meme-first, not money-first
- Zero utility claims; no expectation of profit
- No owner gimmicks or stealth admin functions
- Transparent contract address and supply
- Community-led culture and jokes (ROMO/FOMO)

3. Token Details

4. Launch Notes

- Pre-launch: Liquidity may not be added yet. Verify everything.
- Pair Address: Once the Uniswap IDIOT/WETH pair exists, use the site's Pair field to light up the chart.
- Safety: Only trust links on the official site and verify the contract address every time.

5. Culture & Slogans

- ROMO — Regret Of Missing Out: You didn't buy; now you're salty.
- FOMO — Fear Of Missing Out: You bought the top; now you're one of us.
- "Buy the Peak, Sell the Dip" — It's backwards on purpose. It's a joke.

This document describes a meme project. It does not solicit investment. It contains humor only.
